## RIDE with RESPECT PROGRAM

The *Ride with Respect Program* was developed by the Alberta Government working with the Alberta Off-Highway Vehicle Association, Alberta Snowmobile Association, Alberta Trail-Net and the Alberta Safety Council. Its purpose is to provide school children with information about operating off-highway vehicles in a safe, respectful and environmentally friendly manner. The ultimate goal is to help reduce OHV incidents through proactive education. The desire is to also teach students how to be respectful of other trail users and to be aware of how to “tread lightly” on the land which we ride.

*Ride with Respect* is tailored and available in three grade levels:

- Grades 1-3
- Grades 4-6
- Grades 7-12

Each lesson helps to meet the Alberta Education Program of Studies and is offered at no cost to the students or schools.

The lesson takes approximately 45 minutes to deliver and is interactive and participative in nature. There are also educational worksheets that are left with the students to encourage discussion on these topics at home with their family and friends.

If you are interested in this program and would like it presented in your school, please have your school contact the AOHVA and we will make the arrangements.

## CASI ATV RiderCourse<sup>SM</sup>

We are proud to be offering the CASI ATV RiderCourse<sup>SM</sup> which is the most current, hands-on ATV safety program available in Canada. It is also the most concentrated. The program has been designed to offer required safety information in a compressed amount of time - getting riders properly trained in just 4 1/2 hours. During the half-day session students will benefit from both theoretical and hands-on practice. Students learn skills and understanding required for safe responsible ATV operation.

The CASI ATV RiderCourse<sup>SM</sup> is supported and endorsed by the Canadian Off-Highway Vehicle Distributors Council and through the Council - all major ATV manufacturers. The program is also recognized by the National Off-Highway Vehicle Conservation Council which works with all stakeholders to further a positive future for responsible OHV recreation.

If you are interested in this course please contact the AOHVA.

## WHO WE ARE, WHAT WE DO

The Alberta Off-Highway Vehicle Association, known simply as the AOHVA, was created over 30 years ago by a diverse group of off-road enthusiasts concerned about the lack of a united front to represent the interests of off-road motorcyclists and ATV riders throughout the province of Alberta. By working with all user groups, the AOHVA hopes to create sustainable multi-use trails throughout Alberta.

The Alberta Off-Highway Vehicle Association is dedicated to providing safe individual and family motorized recreational opportunities in an environmentally responsible manner.

To ensure the future of ATVing and off-road motorcycling in Alberta, the AOHVA will continue to advance and protect the rights and interests of riders by representing their interests to the Alberta Provincial government and its agencies, Alberta Municipal government and their agencies and any other provincial, national or international bodies that may affect the interests of the ATV and/or off-road motorcycling community. The AOHVA actively works with the Motorcyclists Confederation of Canada, the ATV Quad Council of Canada and many other organization that affect the ATV and/or off-road motorcycling experience.

## BECOME INVOLVED

When you support your local ATV or Motorcycle club by becoming a member you strengthen the voice of OHV riders and ultimately the AOHVA.

## WHO WE REPRESENT

The AOHVA represents All-Terrain Vehicle (ATV) and Off-Road Motorcycle (ORM) groups or organizations that are organized and registered as non-profit Society's or Association's and that are in good standing with the Government of Alberta. We embody OHV clubs province wide to promote the shared interests and issues involving off-highway riding.

### OUR AFFILIATES

- Alberta Outdoor Coalition (AOC)
- All Terrain Quad Council of Canada
- Motorcyclists Confederation of Canada (MCC)
- National Off Highway Vehicle Conservation Council (NOHVCC)

## Ride Responsibly

## Safety First!

## AOHVA MESSAGE For ATV SAFETY

1. No child/youth under 16 years of age should operate an adult ATV. Ensure your child/youth only rides an ATV that is appropriate for their age, weight and maturity. Ensure they have constant and close visual supervision by an adult and always follow manufacturer's recommendations.
2. Wear an approved helmet with face and eye protection.
3. Drive sober - Alcohol, drugs and ATV's don't mix.
4. Refuse to be or carry a passenger on an ATV built for one person.
5. Take an ATV operator training course.

## Support your local clubs!

## Rocky Mountain Dirt Riders Association Guided Rides Program

The AOHVA membership club; the Rocky Mountain Dirt Riders Association (RMDRA) has a Guided Rides Program, it promotes fun, family off road motorcycle riding and learning for all age groups and skill levels.

The RMDRA created this program for riders to learn responsible off road riding, experience new trails, and enjoy the camaraderie that their club provides.

The RMDRA Guided Rides Program is scheduled to run from May to September. There are 16 evening rides planned as well as 3 family rides. There will be 2 advanced rider clinics that will be held in conjunction with the Guided Ride nights.
